

Rig Mover 150

Specifications:

- Capacity: 150,000lb.
- Holds working positions 21, 35 and 51 inches above the floor
- 4 cylinders with counterbalance valves and redundant mechanical safety lock positively hold the position while working underneath equipment
- Hydraulic lift, lower and steering functions are powered by a single 480 volt cord
- PLC controls provide automatic cylinder leveling and automatic steering corrections
- Spacing for the trailing cart lift-points is adjustable between 50 and 77 inches
- Hose carrier protects the hoses and cables during width adjustment
